**Almighty God, we thank Thee for all the blessings of this life and today especially for those that are ours as citizens of a free land; for the fruits of the soil; the untold resources of the earth; the opportunities for which work and play and healthful living; for liberty in speech and written word; for public education and regards for every man's welfare. And we pray Thee that, as we thank Thee for these and all they mercies, thou will continue thy Good hand upon and make our nation great in that greatness which along is pleasing to Thee, even the righteousness that is the doing of Thy holy will. AMEN.**
